Fidelity Medicare Services is operated by Fidelity Health Insurance Services, LLC ("FHIS"), and FMR LLC ("FMR") is the parent company of FHIS. Unless otherwise indicated, the information and items published in this document are provided by FHIS for informational purposes only and are not intended as tax, legal, or investment advice.

FHIS, Strategic Advisers LLC ("SA"), and Fidelity Brokerage Services LLC ("FBS") are separate business entities. FMS is not a product or service of FBS or SA. Other than certain demographic information such as name, address and date of birth, the information you provide to FMS will not be shared with FBS or SA. Therefore, if you want FBS or SA to consider the information you have provided to FMS in your financial planning with FBS or SA, you must separately provide that information to FBS or SA.

The services described are provided by FHIS. In this capacity, FHIS acts as an insurance broker or agent (collectively referred to as a "Producer"). FHIS and its representatives are appropriately licensed in all states in which they conduct business.

FHIS and its producers are certified representatives of insurance carriers that provide Medicare Supplement insurance as well as are certified representatives of Medicare Advantage (HMO, PPO and PFFS) organizations (and stand-alone prescription drug plans) with a Medicare contract.

The insurance products are issued by third-party insurance companies, which are unaffiliated with FHIS and FMR.

The FHIS organization may earn a commission paid by the insurance company based on your enrollment in a health plan, but FHIS agents and representatives are generally not compensated based on your enrollment in a health plan and do not receive commissions from third-party insurance companies.
